## Dear Parents

After the recent disappointment of cancelled cross country events, this Tuesday 11 children from years 4, 5 and 6 took part in the Peninsular cross country event at Pool School. The weather was kinder but made the course no less challenging. The children were racing alongside other primary schools and they showed real determination and tenacity. I was really proud of all of our runners—well done and I'm looking forward to more and some new sporting events over the next few months.

Unfortunately we had to cancel Cookery Club for the year 6's but their last session will now be on Tuesday 26 February 2019. It will then be open to the year 5 for a 5 week session next half term.

Thank you to those families who have returned their questionnaires. There is a box in Reception so if you still have yours at home, please fill it out this weekend and return it.

We are sending home a letter with a homework project. As a Cornish school, we support the Young People Awards in the annual Gorsedh Kernow competition. The children have 3 weeks to complete a homework piece and return it to school. Perhaps the recent visit by Kernow King and the Cornish Caretakers will inspire them?

Thank you for your great support over the half term. The children are working extremely hard and are a delight to have in school. They deserve a week off to enjoy family time. Don't forget to keep up with the reading, and maybe think about your costume for World Book Day?

I hope to see you at the Friends disco on Friday—it should be fun!

Whatever you get up to, I hope you have fun and that the sun shines.

Tim Barnard,  
Head of School

Class 3 Okehampton Camp — If your child is going on the school camp, please remember that the next instalment of £40 will be due at the end of February. Thank you.

## Class 2—Owl Babies

The children in Class 2 have been working hard this half term creating their own story books based on the book *The Owl Babies*.

They also made some wonderful pictures of their own owls using feathers.

In case you didn't already know, we now have a crisp packet recycling box in Reception. We also have a battery recycling tub so please help us to fill it! (Please note that we are not able to collect the small cell type batteries often found in hearing aids.)

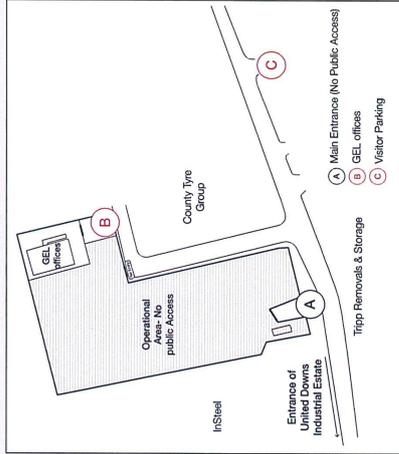

Geothermal Engineering Limited (GEL) has secured funding of £10.6 million from the European Regional Development Fund, £2.4 million from Cornwall Council and £5 million from private investors, to explore the geothermal resources deep beneath Cornwall.

This funding will allow GEL to drill two deep geothermal wells from its site within the United Downs Industrial Estate and build a 1MW - 3MW pilot power plant to demonstrate the technical and commercial viability of supplying both electricity and heat.
