Make the most of every moment

Term 1

One term down and it feels like it has flown by! Thank you for your continued support. We have seen amazing progress across the school this term and are incredibly proud of everything the children have achieved. We can't wait to continue exploring our new curriculum after the break.
The class pages will be updated with information about the learning that will be taking place next half term.
We hope you all have a wonderful half-term break and look forward to welcoming everyone back refreshed and ready for another exciting and busy term!

Stars of the week!

Well done!

Notices

Harvest Auction

Thank you SO much for attending our auction, bidding on our items and your generous donations. We made over £300 to put towards our Christmas trips. Thank you!

Polar Explorer Day

On the first Friday back (6th November) Starling and Kingfisher classes will be immersing themselves into their topic with an experience day. Please can your child come into school dressed ready for a polar expedition! (Warm hats, wooly gloves, coats, etc- no uniform).

Homework

Next term, we will be introducing small amounts of homework. However, the most important things you can do to support your child at home are to listen to them read, ask them about their learning and practise their number facts, such as number bonds and times tables. KS2 will be entering a TTRS battle across the trust after half term, so some practice over the break would be brilliant.

INSET

Please remember that the first Monday back (2nd) is an INSET day.

Class updates

Robin Class

Well, that's a wrap! First half term down and what a busy but fun one it was! The care and consideration the children have shown to each other is fantastic and I am proud of each and every one of them. This week it has been a finishing off week - in Science we used all our senses for our food tasting experience and our Tudor Houses have been finished- these will come home after half term. Thank you for your support and listening to your children read - it really does make a difference.

Next term, we will be moving on to our 'Outer Space' topic!

Class updates

Starling Class

This week, we have been using our DT knowledge to write instructions on how to build a kite. We finished our Science unit by making some delicious cupcakes and our history unit by writing a letter to Truro museum and creating some oracle bones. 🎃 We also enjoyed some spooky hot chocolate as part of our Wild Tribe activity to celebrate the end of half term.
Starling class have worked so hard this term and made brilliant progress with their reading, writing and maths, as well as showing a range of skills in their foundation subjects- well done Starlings!

Next term, we will be starting our Polar regions topic and learning all about Shackleton's journey and Antarctica.

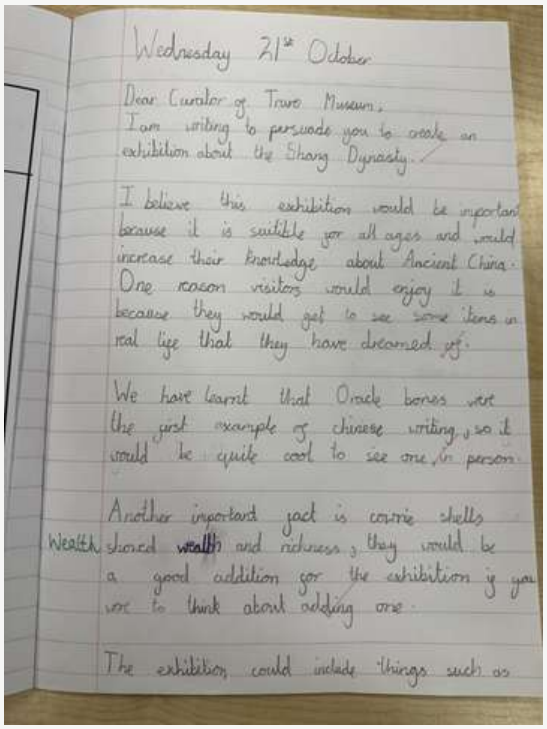

Class updates

Kingfisher Class

This week, we finished our Science unit by making some delicious cupcakes! We weighed out our ingredients carefully, followed instructions and worked brilliantly together as a team. 🧁👩‍🍳
In History, we brought our learning about the Shang Dynasty to a close by creating some excellent oracle bones and we wrote a wonderful, informative persuasive letter to Truro Museum. We have been working incredibly hard and should be very proud of all we have achieved!
🎃 We also enjoyed some spooky hot chocolate as part of our Wild Tribe activity to celebrate the end of half term. What a lovely way to finish the term! Well done, Kingfisher Class, for another fantastic week full of creativity, teamwork and brilliant learning. Have a wonderful half term!

Wednesday 21st Odober

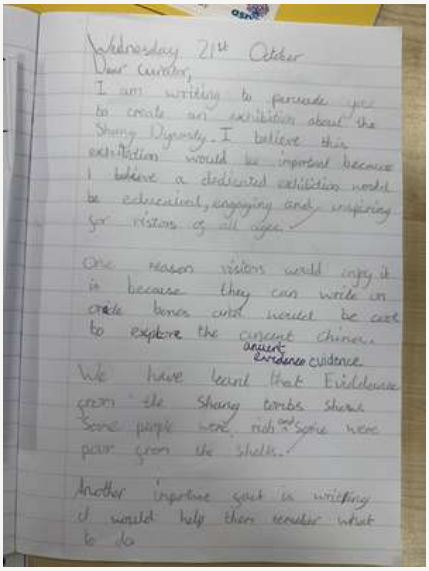

Dear Curator of Truro Museum,
I am writing to persuade you to create an exhibition about the Shang Dynasty.

I believe this exhibition would be important because it is suitible for all ages and would increase their knowledge about Ancient China. One reason visitors would enjoy it is because they would get to see some items in real life that they have dreamed of.

We have learnt that Oracle bones were the first example of chinese writing, so it would be quite cool to see one in person.

Another important fact is cowrie shells Wealth. Stored wealth and richness, they would be a good addition for the exhibition if you are to think about adding one.

The exhibition could include things such as

Wednesday 21st October
Dear Curator,
I am writing to persuade you to create an exhibition about the Shang Dynasty. I believe this exhibition would be important because I believe a dedicated exhibition would be educational, engaging and inspiring for visitors of all ages.

One reason visitors would enjoy it is because they can write on oracle bones and would be cool to explore the ancient chinese. ancient evidence evidence

We have learnt that Evidence from the Shang tombs show some people were rich and some were poor from the shells.

Another important fact is writing it would help them remember what to do

Next term, we will be starting our Polar regions topic and learning all about Shackleton's journey and Antarctica.
