  Whole school Lappa Valley trip
- **Friday 18th December**
  Last day of term- finish at 1pm.
- **Monday 4th January**
  INSET day

Make the most of every moment

Notices

Wild Tribe

As the weather becomes more wintry, we will still be going outside for Wild Tribe. Please ensure your child has the correct clothing in school to take part: a waterproof coat, old or waterproof trousers, and wellies. Wild Tribe is usually on Tuesdays for Starling and Kingfisher classes and Wednesdays for Robins; however, this may sometimes change. Thank you for your support.

Stars of the week!

Well done!

Class updates

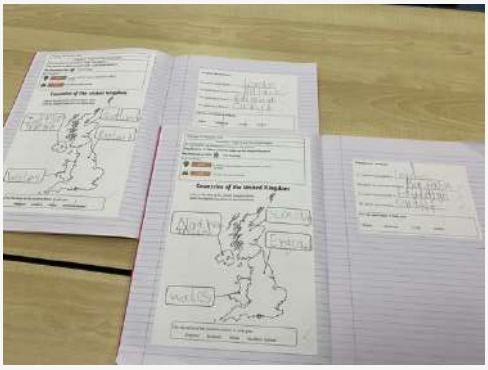

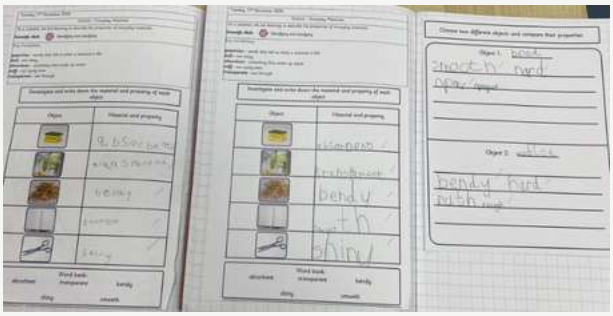

Robin Class

Robin class roundup! We started the week with a magical visit to the cinema where the children were a credit to you all. In art, we learnt how to draw a rocket in the style of Peter Thorpe. In geography, we are learning the four countries of the UK and the capital city of each country. In science, we are continuing with our materials and explored the properties of different objects. EYFS continue to amaze us with their phenomenal thirst for learning, and this week have started to write a caption a day as well as sentences in Drawing Club. Robin 1 has visited many planets this week and even the astronauts needed a cup of tea.

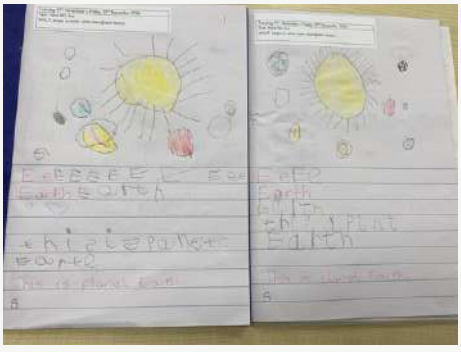

Next week, we will be reading the book Way Back Home by Oliver Jeffers.

Class updates

Starling Class

This week, we have been writing a ship's log about the Endurance becoming crushed in the ice. We have worked extremely hard on our handwriting and descriptive writing, producing some detailed and engaging pieces. We also had a go at tea-staining paper to make it look old when we published our writing.
In geography, we have been interpreting graphs and learning about the climate of Antarctica. We have also been coming up with some brilliant ideas for our stall at the Christmas Fair, although we're pleased to report that none of them involve throwing buckets of water over any teachers!

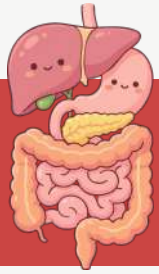

Next week, we will be continuing our learning on the digestive system in science.

Class updates

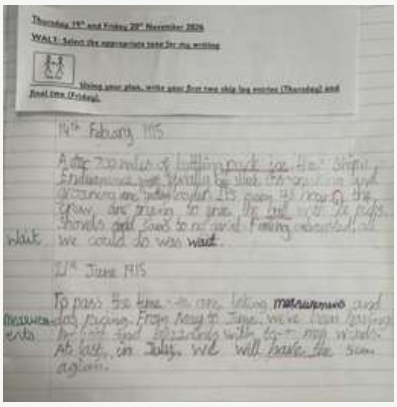

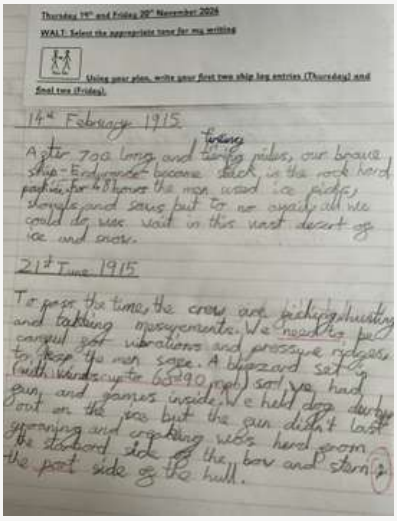

Kingfisher Class

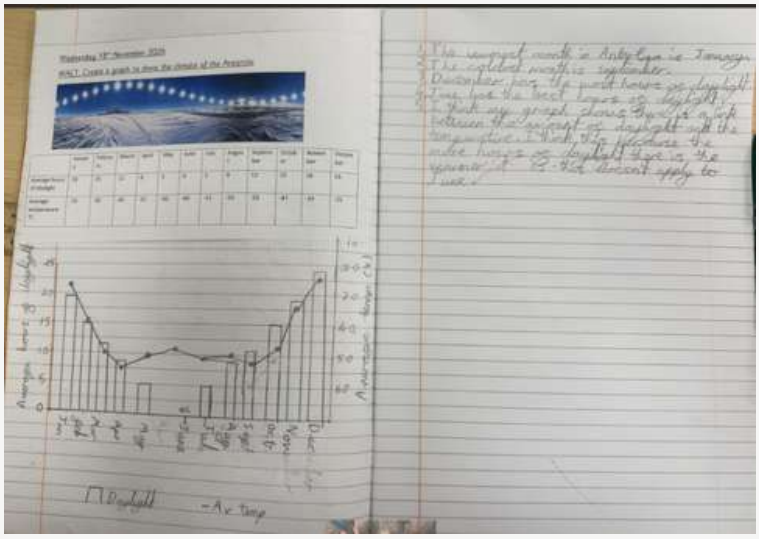

This week in Kingfisher, the children have enjoyed creating some fantastic pieces of artwork during Wild Tribe.
In Geography, the children have been working hard to create graphs and interpret data as part of our learning about the climate in Antarctica. They have shown great enthusiasm when analysing the information and discussing what the data tells us.
In English, the children have enjoyed writing their own ship logs from the perspective of a captain aboard the Endurance, imagining themselves as Captain Frank Worsley.

Next week, we are looking forward to planning our stall for the Christmas Fair!

Attendance

At Cusgarne, we want to **make the most of every moment.** Regular school attendance is one of the best ways to help your child succeed. When children come to school every day, they keep up with their learning, build confidence in their skills, and develop good routines that set them up for the future. Every day at school matters—it helps your child stay on track and get the most out of their education.

Being late by just a few minutes each day quickly adds up to hours of lost learning over time. Arriving on time helps children start the day settled, ready to learn, and able to make the most of every lesson.
