

# Welcome to Our Leavers' Powerpoint

This year has been very unusual, and we don't think we will ever forget it! We have had to learn at home, and we are very lucky to be able to come back to school, even if we've had to socially distance. We have learnt so much throughout our time at Cusgarne, and we've had so much fun too. We will all achieve so much in the future, whether we go to Richard Lander, Redruth or Penryn. We are so glad that we were able to grow up with a group of such amazing people, we will miss each other so much! We can't believe we have achieved so much in such a short time, and we will all be sad to say goodbye to Cusgarne.

Hope you enjoy our memories in this powerpoint...

## My Memories at Cusgarne

I have been at Cusgarne for as long as I can remember and although there's been bad weather it's been great! There's been a few highs and lows, but it's a great place to find nice friends and have fun. I have been at Cusgarne for 7 years now and am leaving soon. My memories are: when I used to dress up as a policeman every day in class one, watching chicks hatch from their eggs in class 2, actually being tidy and listening to audio books with headphones in class 1 and 2. My time at Cusgarne: 4th September 2013 - 23rd July 2020.

# Memories...by Aaron

# Memories...by Chanel

I remember coming here for the first time. I only came here in year 4. When I got here I remember meeting all the year 4 girls. They were the nicest friends ever.

When I went into year five it was the best. We went on school camp it was so fun. I remember jumping off the hill into the water. It was really funny when Sofia jumped in and lost her shoe. We also had a campfire and we roasted marshmallows and ate them (they were yummy.)

In year 6 it was the best year of my life, we were planning loads of things to do but something extraordinary happened! A virus was on the loose. So we couldn't go to school, but we were allowed to come back to school for the last two weeks. I have had the best days of my life here at Cusgarne.

# Memories...by Chanel

# Memories...By Chay

I remember coming in on the first day and we had to leave our favourite teddy in School.

When I was in reception I can remember playing with cars and they had big shiny wheels and we made little towns with blocks.

When I was in Class 2 I remember making a helmet and a shield for our topic on Vikings- it was awesome!

In Class 3 I remember going on school camp and going gorge scrambling. We had to jump into a large pool in the stream and climb up loads of rocks. It was fun but really cold!

# Memories...By Chay

# Memories...By Helen

1. I remember the first time I met Miss Palmer was at the teddy bear picnic and we had to bring in one of our teddies and give it to Miss Palmer so on our first day we could have our teddy bear's back .
2. I remember the first winter I had in year one at Cusgarne and Miss Palmer took us out to the bottom field and we looked for frozen skeleton leaves.
3. I remember when I was a year two Mrs Murray put a stereo at the back of the room so we could listen to audio-books by David Walliams and we had a rota to decide who used it.
4. I can remember in year three we made bridges with our learning partner and we had to use toy cars to check if they are stable.

# Memories...By Helen

5. I remember going on school camp to London and going to Harry Potter studios and watching the lion king live and the science museum.

6. I remember going to the Aspire games in year 5 and getting a yellow t-shirt and being in Jamaica.

7. In year six I became our school council rep and our first charity was the blood bikes and we raised £400.

# Memories... By Lauren

## My Memories - Lauren

- On my first day, Millie came to me and said, “don’t be scared, school is only like 3 hours, so you’ll be home soon!”
- We used to play with a wooden doll house, and we sent grandpa to the ‘dessert’ with the house’s stairs.
- Millie and I used to huddle next to the drainpipe, and we named it ‘the warmie corner’.
- We had ducks in class 2 and I got to name one Dave.
- We would swing in circles around the goal posts on the grass, and have races on who could spin the fastest.
- I enjoyed listening to demon dentist in ERIC

## My Memories at Cusgarne School

I really enjoyed Cusgarne school especially learning about how to play football and a tiny bit about hockey.

I enjoyed getting better at handwriting but I enjoyed writing on the computer instead of writing by hand but schools are supposed to teach you and make you better than you are right now.

However, my favourite part of my memories was making friends at Cusgarne, such as friends called Aaron, Chay and Elian - well, actually they are my best friends. But my friends are everyone in the class.

# Memories...By Lennon

It also helped a lot when I was getting very annoyed and confused in class but then Miss McCauley took me out into the hall to steam off and calm down for a bit so I could come back to class renewed, so I wouldn't be as annoyed at math and English as I originally was and that's how I used to be able to complete the subject I was on.

And I really enjoyed the basketball court at the bottom side of the playground so I would be able to practice some shots for if I ever wanted to play again.

# Memories...By Lennon

# Memories...By Matthew

I remember that I used to be Miss Palmer's IT helper. At the end of the year I got a reward for it at the end of the year, and then I broke the trophy.

I really wanted to be Angel Gabriel in the Nativity. Also they have kept my outfit for the play! (I Got in a bit of a strop when they said I couldn't do it next year.)

I remember when we were reception we had tea bags that could make the water different colours. Then we dropped all the tea bags. Which was a big mistake.

I remember the Christmas play we did in reception. I think it was the snowman at sunset. My Mum and Dad were recording it, and when I started singing. I sang very,very loud. We still have the embarrassing recording.

I remember getting very muddy with Chay, Sunny and Aaron. We were on the field just after It rained. With that we had to change into our PE kits!

# Memories...By Matthew

# Memories...By Millie

- I remember the day when Matthew hit me in the face with tennis racket, in year 1 ( I know this is not a happy memory but I vividly remember it, so I feel that it needs to be here).
- I remember the visiting day in reception when my grandparents came, I was very excited!
- I remember listening to David Walliams stories with Lauren in Class 2 such as, demon dentist, boy in the dress and billionaire boy.
- I remember when it was cold outside at playtime, Lauren and I used to snuggle up together in a special corner which we called the “warmy corner”. Where we would time travel!

# Memories...By Millie

**I remember in class 2 when Lauren and I used to play with a wooden doll house. We would each choose a character and in the game we sent grandpa to the desert with the stairs and Lauren wrote a letter to grandpa to say that we have left him in the dessert with the stairs! We even got “giggleitis” because of it.**

- In year 4, I remember going on school camp to London, it was the best school camp I think I have ever been on.**

# Memories...By Oscar

I joined Cusgarne on April 10 2016, that was half way through year 2. When I joined I remember I cried before school however people like: Matthew, Chay, Aaron, Sunny and Kit all welcomed me in. On the first day I was there I felt very silly and nervous. At playtime, I either played with the bouncy balls with Chay and Aaron or played with Sunny and Matthew, in a minecraft sort of thing... Halfway through the week I felt better about myself and on the occasional day, I laughed and had fun. When the year came to a close, I was sad that they would go so quickly. I didn't really like French in class and sometimes was very bored, however I loved maths and making friends. When I went into year three, I made a stronger bond with Matthew and Sunny, however in the process got separated from Aaron and Chay a bit....

# Memories...By Oscar

The math got harder in year three although I still enjoyed it. When the new year two's came in I didn't really know what to think of them. At first, I found them annoying, but soon made very good friends with them such as: Archie, Nathan, Oliver and Harrison. As we went into year 4 i think we were all very afraid, however Mrs. Turner made us feel like we were always together. My sister left a year earlier, and I cried when she left, even though we were always together at home. Although there have been hard days and boring rain, we have all stuck together and pushed through it all. In year 5 the realisation that we would leave started to kick in. We learned things about famous people, scientists, mathematicians and famous historians. When we were in year 6 we had reached maximum friendship levels and over the years I had pushed Aaron out and called him things that weren't true about him. I need to learn to forgive and that is what I have done now.

# Memories...By Oscar

When Covid-19 started everything was then boring. We couldn't talk to each other and my fitness levels went down. I learned new things such as scientists like Isaac Newton and Albert Einstein, Algebra and many things about English. The disease brought us together and now we have to leave each other again, but one thing for sure, I will never forget this school and the friends I made in it.

# Memories...By Oscar

# Memories...By Sofia

-I remember in year 1 playing Dragons with Lola and Helen and every time we saw an oval-shaped rock we were convinced that it was a Dragon egg!

-I remember in class 1 when we were really exited for PE on Friday because of the equipment (my favourite was swinging on the ropes)

- I remember in year 6 doing cross country and feeling so hot and exhausted I felt sick

# Memories...By Sofia

# Memories...By Sunny

I remember in reception on my first day of school with something in my tummy it wasn't my breakfast it was in fact butterflies.

On my first day I remember the size of my buddy and the size of my friend buddy's friend and the size of her friend.

Myself, Aaron, Chay and Matthew were very muddy. I had mud all over my clothes.

## Cusgarne School

On my first day of Cusgarne School,  
I knew it would be really cool.  
Having a nice welcome and a smile,  
Cheered me up by a mile.  
Seeing people, I never knew,  
But now they are my friends through and through.  
We are always put to the test.  
But you know us, we'll do our best.  
Even if we do not win,  
We will end it with a grin.  
Everyone was so nice to me,  
We are the best school you will see.  
Smiling throughout the day.  
Happiness is the way.  
I have been sad once or twice,  
But Cusgarne will cheer you up, they're nice!  
How I will remember  
Cusgarne School!  
Because we were  
just so super cool.

By Matthew

## Year 6 leavers poem

Today's the last day,  
We all wish we could stay.  
To this chapter in our lives,  
Let's all say our final goodbyes.

We remember our first day,  
With Miss Palmer leading us the way.  
The conkers spread out on the floor,  
while we walked out of the school door.

Year 6 has been a blast,  
This year has gone so fast.

You have to move on and just be glad,  
That leaving has made us so sad.  
We'll all be going our separate ways  
But we'll always remember our Cusgarne days.

By Helen and Sofia

## Cusgarne School Leavers 2020

This year has been a blast.  
This lot have cheered me up.

Aaron's funny to be around.  
Chanel is kind and caring.  
Chay is cheeky.  
Helen is great at hiding.  
Lauren always does her best.  
Matthew is smart and is too good at laser tag.  
Millie has a welcoming smile.  
Oscar can run 100 miles.  
Lennon is good with computers.  
Sofia is tall and has an artistic mind.

All of them have great minds and skills,  
I wish them well in the new chapters of their lives.

By Sunny

## Leavers 2020

Cusgarne school it was so fun,  
But now our time has come,  
We need to say our goodbyes,  
And move on in our lives,  
We're going to secondary,  
For all will be scary,  
Although we're not there,  
We will never forget,  
The days we've had,  
At Cusgarne school.

By Aaron

# Poems

A poem by Oscar

We all remember the good Cusgarne days,  
 All the joys and the amazing plays.  
 The weeping and crying with many goodbyes,  
 And happy rejoices for new fun times.  
 We spit off from each other as we set off for a new school,  
 The happiness we had here was awesome and cool.  
 When I joined Class 2 I felt nervous and scared,  
 However people welcomed me and they all cared.  
 I met Matthew and Sunny, with Aaron and Chay,  
 All who cared in the same way.  
 They made me feel welcome and less like an outsider,  
 And now here we are in the year 6 with the cobwebs and spiders.

The years went by and we felt like family,  
 Learning and experiencing they were all friendly.  
 As we moved to Class 3 and year four,  
 We were all afraid as we stepped through the door.  
 We met Mrs Turner and she was very funny,  
 The day went by and all was funky.  
 The very next day it was all fun and exciting,  
 All the work was hard and delighting.  
 The year went on like nothing was wrong,  
 However we moved down the school and we moved along.  
 The days we spent zoomed by,  
 Until year 6 when the days really started to fly.  
 All of a sudden we were at home,  
 Because of COVID-19 we were all alone.  
 The faithful day came when we returned,  
 I met my friends and we were all concerned.  
 Here we are leaving for good,  
 But the memories we made were all understood.

## YEAR 6

My Poem about Cusgarne

My time at Cusgarne was different to everyone else's.  
 I started in year 6 with 25 eyes watching me.  
 I felt like I wanted the room to swallow me up,  
 So I would have 0 eyes watching me.  
 But as fake as that would be they could still probably all be watching me,  
 Because being swallowed up is imaginary.

But how silly was I...  
 My time at Cusgarne was extravagant because this school gives you 2x the talent.  
 Cusgarne has given me the chance to have a smile on my face,  
 Make new friends,  
 Learn some rules about football,  
 How to dribble a hockey ball,  
 How to have fun!

Chay and Aaron can't forget them.  
 They welcomed me in,  
 Instantly becoming my friends.  
 I loved meeting new people and making them my friends!

Then there comes Maths and English,  
 Although they weren't my favourite,  
 Miss McCauley was there to help.

But when I got really annoyed,  
 She would try to make me smile by playing football or basketball.  
 Once, she accidentally threw a ball in my face,  
 This made me smile and instantly calmed me down!

My time at Cusgarne won't be forgotten,  
 I wish all my friends the best of luck.  
 As they move on to secondary school,  
 Even though me and Aaron are going to go to the same school.  
 So wish us both luck for not getting lost.

By Lennon

## Goodbye Cusgarne

Although leaving is really sad,  
We will all be very glad,  
To know we will leave with our heads held high,  
When we have to say goodbye.

Leaving all those memories behind,  
To fill our forever learning minds.  
The next step is secondary,  
And after that we'll be legendary!

The sports days, the bake sales,  
The successes and the fails.  
School camps and school plays,  
Those were the good old days!

I think we all need clean slates,  
And maybe we'll find some new mates.  
We will not leave our old friends behind,  
But we must lead the lives we are assigned.

Going to new places,  
Seeing new faces,  
Secondary school might be tough,  
But I think we all have the stuff!

Break Times were lots of fun  
(But maybe not for everyone)  
Collecting conkers, losing tennis balls,  
With lots of injuries and falls.

When Christmas came we all would jump up and down,  
Nobody was seen with a frown.  
We would all decorate the Christmas tree  
Roast dinners for you and me.

School camp was a blast,  
But sadly it did not last.  
London in year 4 and Oakhamton in year 5,  
It was definitely always a really long drive!  
Fishy Fridays and Roastie Wednesdays,  
And a variety of food from Monday to Thursday.  
With a huge line to wait in,

Fish Friday was my favourite thing!

Having a buddy was one of the highlights of the day,  
With their sweet smiling faces coming out to play.  
Teaching them hopscotch or playing hide and seek.  
One of the best things about school was seeing them every week.

It has been a great year and now we have to say goodbye,  
But that doesn't mean we have to cry .  
I know we have to go but we are all so proud,  
We will miss you all, now we must join a new crowd.

Primary school has been a blast,  
I wish it didn't go so fast.  
Although leaving will be really sad,  
We have to remember the fun we have had!
